

REACH WHAT MATTERS

**Through tomorrow's
supply chain solutions**

**BUILDING TOMORROW'S
SUPPLY CHAINS, TODAY**

SAVOYE builds end-to-end custom advanced software and technological solutions for your supply chain needs.

Our people work to provide you with advanced handling and logistics technologies, software, expertise and knowledge to help you move your goods more efficiently, profitably and sustainably.

An international supply chain company that delivers what matters.

**LOGISTICS REIMAGINED:
A NEW BREED OF SUPPLY CHAIN OPERATOR**

SAVOYE's purpose is to keep the supply chain industry on the move, making it easier to solve complex systems while delivering better services, greater efficiency and lower costs.

Our team of experts organizes and integrates customized solutions for your supply chain needs and logistic operations from order entry to delivery, from cloud services to packaging. We work with you to understand your exact needs and your activity forecasts.

Our wide range of services includes order preparation, supply chain management software and automation systems that help you pack and distribute faster so you can deliver what matters.

One company. Multiple Solutions. SAVOYE, reaching what matters.

KEEPING YOU ON THE MOVE FOR 35 YEARS

<p>The Beginning</p> <p>SAVOYE was founded specialising in producing bottle case packers.</p>	<p>An Exploration into Automation</p> <p>The creation of PAC 600®, SAVOYE began to diversify into automated order preparation and packaging systems.</p>	<p>Switching core business to intralogistics</p> <p>SAVOYE becomes a WMS editor and, with MAGMATIC®, extends its know-how to automated pallet storage.</p>	<p>An answer for tomorrow's automation</p> <p>SAVOYE develops X-PTS® a Goods-To-Person Shuttle System and Jivaro®, height reduction packing machine.</p>	<p>New Conveyor Systems and Supply Chain Execution software</p> <p>Launch of INTELIS®, a range of plug and play conveyors and expansion of software range with OMS and TMS for shippers.</p>	<p>Global Expansion</p> <p>Creation of SAVOYE North America, SAVOYE China, subsidiaries in Benelux and Italy.</p>	<p>Expanding point of sale software</p> <p>Acquisition of SoCloz, an omnichannel software platform for retailers.</p>	<p>Tomorrow's Supply Chain, Today</p> <ul style="list-style-type: none">• ODATIO®, modular and cloud-native WMS and TMS software and Launch of Fleexee, a person-to-goods robotic solution.• Partnership with HAI ROBOTICS providing autonomous case-handling robots.• Creation of subsidiaries in UAE and Singapore.

KEEPING YOU ON THE MOVE WITH TAILORED SUPPLY CHAIN SOLUTIONS

Combining robotic innovation with human intelligence,
we deliver what matters now and in the future: delighting customers,
reducing costs, improving supply chain efficiency across the globe.

AT SAVOYE, WE BELIEVE THAT...

◆ *Speed is important, but Timing matters more.*

By ensuring flow orchestration and synchronization
continues beyond the four walls of your warehouse.

◆ *Technology is important, but Progress matters more.*

By supporting our clients in the long term
to make the best of their systems.

◆ *Cost is important, but Results matter more.*

By creating concrete added-value for our clients,
their teams and their own clients.

◆ *Business is important, but Collective Success matters more.*

By co-developing solutions with our clients
to address their challenges.

**All of this through advanced software
and technologies.**

SAVOYE TAILORS ITS SOLUTIONS BY COMBINING IN-HOUSE SOFTWARE AND TECHNOLOGIES WITH SELECTED THIRD-PARTY SYSTEMS

**SAVOYE's advanced solutions make it easier to solve complex
supply chain systems to deliver better services, faster results
and lower costs.**

✔ *Boost end customer satisfaction.*

Secure all logistic processes
and improve the end customer's
experience.

✔ *Improve storage compactness.*

Use its full height and extend
the life of your warehouse.

✔ *Increase overall performance.*

Take logistics execution to the next
level and improve the efficiency
of your business.

✔ *Reduce delivery leadtime.*

Improve picking reactivity and
the processing of urgent orders.

✔ *Face uncertainty.*

Anticipate business changes
and adapt your processes
to new business models.

✔ *Master data and forecasting.*

Combine historical data to better
forecast demand and anticipate
workload.

✔ *Enjoy a durable information system.*

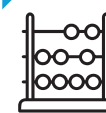

Manage and trace all logistic flows
thanks to adaptable and scalable
software.

✔ *Turn into a supply chain hero.*

Access new technologies,
deploy innovations by selecting
high-stakes activities.

✔ *Control operational costs.*

Reduce packaging and transport expenses
and respond easily to labor shortages.

ADVANCED SOFTWARE

For more than 35 years, SAVOYE has evolved to support customers' supply chain needs through advanced high-performance software.

WAREHOUSE MANAGEMENT SYSTEM

TRANSPORT MANAGEMENT SYSTEM

ODATiO

ODATiO is a modular and highly customizable cloud-based WMS and TMS with a wide range of features and flexibility. It helps you to optimise your supply chain processes, managing manual or robotized distribution centres till complete shipper's transport activity.

MAGISTOR

a WMS perfectly suited for SMEs and simple to low automated environments.

ORDER MANAGEMENT SYSTEM

LM OMS

Our OMS integrates SoCloz's retail expertise and SAVOYE's supply chain know-how, making it the best choice for your business. Whether you operate with multiple warehouses, points of sale or channels, our solution provides orders orchestration, simplified omnichannel inventory and in-store management to ensure customer satisfaction.

WAREHOUSE EXECUTION SYSTEM

IMPULSio

As a complete and modular application, our WES controls and monitors all dispatching, synchronization and routing operations of the automated and robotic intralogistics flow and reduces the overall preparation time.

ADVANCED TECHNOLOGIES

SAVOYE is the only company providing automated solution for storage, picking and packaging.

AUTOMATED STORAGE SOLUTIONS

- **X-PTS** Shuttle system
