TECHNOLOGY LED BANNERS

USE

These LED banners are smart enough to provide visual information:

- Indicate a **variable width** space
- Indicate a space to several operators using the **colour code**
- **Organise or re-organise** the places through the on-board software
- Indicate **a row, an horizontal or vertical place, a specific location** or any other area of interest in the warehouse
- **Frame an area** to designate a location using coordinates
- **Customisable** processes from your own furniture
- **Pilot standardised** logistics processes on **packaged** cabinets sold by SAVOYE:
 - Cart by LED
 - Split Cabinet by LED
 - Pick Cabinet by LED
